Supporting our Seniors

We are committed to ensuring seniors have access to the support they need. Through investments in Old Age Security, the Canada Pension Plan, the Guaranteed Income Supplement, Healthcare, Dental care, Pharmacare and more, our government is working to ensure seniors have a comfortable and dignified retirement.

Investing in Housing

We are investing in building more affordable housing across Burnaby and North Vancouver. With our National Housing Strategy, we are on track to build millions of new homes nationwide and thousands of new units right here in Burnaby North-Seymour. These projects wouldn't exist without the hard work of our community members and partnered investments.

National School Food Program

We are launching a National School Food Program, which ensures that children across the country have access to healthy, nutritious meals at school. By investing in the well-being of our students, we're not only reducing food insecurity but also supporting better learning outcomes. This initiative will help thousands of families, easing their financial burden and empowering children to reach their full potential in the classroom.

CONSTITUENCY MEETINGS

In 2015, I committed to meeting one-on-one with every constituent who requested a face-to-face meeting, and we've maintained that commitment to this day. Last summer, we offered to visit the doorstep of any constituent who hadn't met me in person. We had many productive conversations and were able to visit every home.

Canadian Dental Care Plan (CDCP)

Our government's Canada Dental Care Plan (CDCP) is making dental care accessible and affordable. Millions of people have already received dental care, many of whom are sitting in a dental chair for the first time. More than 89% of active oral health providers are participating in the program and are delivering the essential care that Canadians need.

Eliminating Fossil Fuel

The oil and gas sector are a major contributor to Canada's economy and Canada's largest source of greenhouse gas emissions. We must have a balanced approach that maintains the workforce and our environment's future. To meet our 2050 emissions goal and to support the industry transition, we have created a historical National Renewable Energy Strategy, Critical Mineral Strategy, and a Just Transition Strategy. To learn more visit Terrybeechmp.ca/reports to read our Climate Report.

Our Frontline Workers

Our frontline workers are the backbone of our community, and we remain steadfast in our commitment to ensuring they have the support they need. We stand with unions in their efforts to secure fair wages, safe working conditions, and the recognition they deserve. Whether it's healthcare, public services, or other essential sectors, we are dedicated to strengthening protections for those who work tirelessly to serve our communities. Together, we will continue to support those who have always been there for us.

Community Organizers

Burnaby and North Vancouver are home to some of the most hardworking and generous individuals in the country. Organizations like Ryan's Rainbow, The Society to End Homelessness in Burnaby, Seton Villa, Hollyburn Community Services Society, and many others are caring for our most vulnerable neighbours, and we cannot thank them enough.

FEATURING LOCAL SMALL BUSINESS

Our community is strengthened by the incredible work of local organizers and groups who dedicate their time to making a difference. We have cut small business taxes and reduced credit card fees to save small businesses over \$1B in fees.

This year, we are excited to feature some of these outstanding organizations in our upcoming **Annual Community Guide**.
